Project Detail
Chicago Prize is seeking catalytic initiatives with complementary, investment-ready projects – applications composed of many discrete elements are not necessarily preferable to applications with fewer, well-planned and integrated investments.
Please provide more detail on your major projects. Click “Add Project” to complete a form for each project. A separate form should be completed for each project.

Navigating the Application

After completing each section, save your work and use the menu on the left-hand side of the screen to move on to the next section. You can jump between sections at any time to edit or review responses. Ignore the Awarded and Requested amount fields near the top of the application, and the Additional Details page.

Save Your Application

Please make sure to save your application after each section to ensure you do not lose any work. Each section has a **“Save” button** in the bottom righthand corner.

Accessing Your Application Over Multiple Sessions

If you need to log in and out of your application to make edits, to access your existing application, click the **My Applications** link on the top navigation bar. You will see your existing application listed there.

Review Your Application

Please make sure you review your full application prior to submitting it. Once you submit your application, you will not be able to make additional edits. You will receive a confirmation email that we have received your application.

Applicant Tips

- Be as concrete as possible and consider Chicago Prize’s assessment criteria – Team, Feasibility, Impact, and Leverage – in developing your responses.
- Be transparent where there are open questions or where you may encounter challenges – you will have an opportunity in the interview portion of the process to provide additional detail.
- You are not required to use the templates provided on the application. They are there as a resource if you want to use them.
- For the video portion of the application, the goal is to learn things about your team and community that cannot be conveyed through a written application. Your video does not need to be flashy or professionally produced – it should simply give our team an opportunity to learn more about your team and the work you are doing. For examples, we recommend watching the video submissions from the Chicago Prize 2020 Finalists:
 - [Working Together to Reinvigorate South Chicago](#)
 - [Catalytic Development of Auburn Gresham](#)
 - [The Aspire Initiative](#)
 - [Economic Equity & Opportunity via A Little Village Community Hub](#)
 - [Go Green on Racine: An Englewood Rising Project](#)
 - [Now is the Time: Advancing North Lawndale Together](#)
